

statistical samples of establishments, legal entities, or enterprises; provides a standard basis for assigning SIC codes; and provides establishment level data from multi-establishment companies that are summarized and published in the annual County Business Patterns series of reports. In this request for revision, we are adding a one-time data user survey to selected respondent mailings to collect information on the respondents' ability and interest in reporting data electronically in subsequent years. We are also deleting an item from the COS report form which collected data on health plans.

Affected Public: Businesses or other for-profit organizations, not for-profit institutions.

Frequency: Annually.

Respondent's Obligation: Mandatory.

OMB Desk Officer: Maria Gonzalez, (202) 395-7313.

Copies of the above information collection proposal can be obtained by calling or writing Gerald Taché, DOC Forms Clearance Officer, (202) 482-3271, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to Maria Gonzalez, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: June 22, 1995.

Gerald Taché,

Departmental Forms Clearance Officer, Office of Management and Organization.

Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof from Italy; Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amended final results of antidumping duty administrative review.

SUMMARY: On February 28, 1995, the Department of Commerce (the Department) published the final results of its administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof (AFBs) from Italy (60 FR 10959). On May 11, 1995,

the Court of International Trade (CIT) ordered the Department to correct two ministerial errors in the final results with respect to AFBs from Italy sold by Meter. Accordingly, we are amending our final results of administrative review with respect to Meter. The review covers the period May 1, 1992, through April 30, 1993. The "class or kind" of merchandise covered by the review of Meter is ball bearings and parts thereof (BBs).

EFFECTIVE DATE: June 29, 1995.

FOR FURTHER INFORMATION CONTACT:

Charles Riggle or Michael Rill, Office of Antidumping Compliance, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On February 28, 1995, the Department published the final results of antidumping duty administrative review and revocation in part of the antidumping duty orders on AFBs from Italy (60 FR 10959). The review period is May 1, 1992, through April 30, 1993. The review covered one class or kind of merchandise, BBs, from Italy sold by Meter S.p.A. For a detailed description of the products covered under this class or kind of merchandise, including a compilation of all pertinent scope determinations, see the "Scope Appendix" of the final results referenced above.

Meter challenged the final results before the CIT, alleging ministerial errors in the final results for AFBs from Italy. On May 11, 1995, the CIT ordered the Department to correct the errors and publish the amended final results in the **Federal Register**.

Amended Final Results of Review

The CIT ordered the Department to make the following corrections to its analysis for Meter: (1) Calculate the cost of manufacturing by applying the computed adjustment percentage only to variable overhead costs, and (2) calculate Meter's general and administrative expense by removing the adjustment for severance costs. We have corrected these ministerial errors in Meter's margin calculation for the period May 1, 1992, through April 30, 1993.

Based on the correction of these ministerial errors in our calculations for Meter, we have determined that the following weighted-average percentage margin exists for the period May 1, 1992, through April 30, 1993:

Manufacturer/Exporter	Country	BBs
Meter	Italy	2.62

Based on these results, the Department will instruct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries in accordance with the procedures discussed in the final results of these reviews. These deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping occurred and the subsequent assessment of double antidumping duties.

This amendment of final results of review and notice are in accordance with section 751(f) of the Tariff Act (19 U.S.C. 1673(d)) and 19 CFR 353.28(c).

Dated: June 23, 1995.

Paul L. Joffe,

Deputy Assistant Secretary for Import Administration.

Certain Circular Welded Carbon Steel Pipes and Tubes from Thailand: Final Results of Countervailing Duty Administrative Review

June 21, 1995.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of countervailing duty administrative review.

SUMMARY: On March 28, 1995, the Department of Commerce (the Department) published the preliminary results of its administrative review of the countervailing duty order on certain circular welded carbon steel pipes and tubes from Thailand (60 FR 15901). We have now completed this review and determine the total net subsidy rate to be 0.73 percent *ad valorem* for all
